
Udo Nöger

Enger (Alemania), 1961

Udo Nöger es un pintor alemán; su trabajo se basa en la síntesis de la imagen pintada y la estructura de la luz del objeto. Desde el punto de vista formal, podemos definir su obra con 4 características: la tela pintada, la profundidad del espacio, la luz y los colores monocromos. En las pinturas de Nöger existe cierta insinuación de un espacio profundo, que invita al espectador a mirar dentro de la imagen misma. Un horizonte donde la imagen decrece gradualmente. El material del lienzo y las diferentes tonalidades se vuelven transparentes y actúan como una ilusión de tercera dimensión. El espacio, por otro lado, parece abrirse tras el lienzo en unos profundos campos de color. La obra de Nöger marca un espacio entre el poder ilusorio y sugestivo de la pintura y la fuerza de la luz.
